**Helping Women Achieve Pay Equity
through WORK SMART**

AAUW provides FREE salary negotiation workshops to help women learn how to negotiate their salary. They will be better able to support their families!

Our chapter reached out to middle and high school girls in our community to encourage them to pursue their interests in STEM (Science, Technology, Engineering and Math) fields by sponsoring a STEM-TREK Day. The most recent event, "Women Solving Medical Mysteries and Exploring Space," featured speakers from health science and space-related careers, allowing the young women in attendance to meet role models and participate in a variety of activities designed to build interest and excitement in STEM.

WHAT AAUW DOES

EDUCATION & TRAINING

Addressing the barriers and implicit biases that hinder advancement of women

Education helps women develop skills and knowledge as a pathway to professional opportunities and economic security.

AAUW has supported 13,000 women and organizations in 145 countries to further their academic or career paths and lift up their communities.

AAUW's work on Title IX protects students from discrimination and violence at school. Use AAUW resources to promote equity in education in your community

ECONOMIC SECURITY

Ensuring livelihoods for women

Women still don't have equal pay and there are too few women in the highest paying fields. We must create inclusive career pathways to attain economic security.

AAUW members are committed to achieving pay equity. Get involved in AAUW's goal to train 10 million women in salary negotiation by 2022.

LEADERSHIP

Closing the gender gap in leadership opportunities

Women are outnumbered by men in the most prestigious positions., from Capital Hill to the boardroom. When we cultivate women leaders today, we create a brighter tomorrow. It is time for women's voices to be heard.

Let AAUW amplify your voice from the statehouse to the Capitol, or advocate for leadership opportunities for women in your community.
